

REPORT ON

IEDC ORIENTATION SESSION

FOR FIRST YEAR STUDENTS

IEDC (Innovation And Entrepreneurship Development Centre) cell of Royal College Of Engineering And Technology conducted IEDC Orientation session in the student induction program on OCT 17th & 18th, 2022 at Seminar Hall, RCET. The program was coordinated by Ms. Asheera L (SIP Co-ordinator). The main purpose of this session was to make the students understand about the importance of generating innovative ideas for social causes and to promote entrepreneurship among students. The session was arranged in two slots. The sessions were handled by Nodal Officer Mr. Dinto Thomas (AP/EEE) and gave an overview about IEDC Cell & its functions. As a part of this session students were divided into different groups and were asked to discuss about the real time problems. Students were also demonstrated different projects of RCET. The students actively participated in this session and shared their innovative ideas.
